Projects of National importance

© 2013 Government of Pakistan
Preparation of Electoral Rolls

- Preparation of Electoral Rolls on the basis of Civil ID
- 86.1 millions unique and verified Pakistani voters using NADRA Database
- 8300 SMS Service launched to facilitate the Voters
- Electoral Rolls (34 Million Pages) Printed in Different Phases

Electoral Rolls

- No Inclusion errors
  - One CNIC One Vote
- No exclusion errors
  - Each eligible CNIC holder is a Voter
- Authentic Voter
  - Each Voter entry is backed by authentic biometrics
From List to Database

All documents received during each phase including Household Census, Door to door Verification or Display period are scanned and preserved.

All scanned documents are digitized using double blind data entry.

Each voter entry is linked with respective document and business rule in database. Voter migration history is being maintained. Complete audit trail is available.

Photo Electoral Rolls

- Presiding officers will have access to Photo Electoral Rolls.
- Photo will help in establishing identity of voter before issuance of ballot paper.
- Left thumb captured through magnetic ink will be matched with biometrics of voter in offline mode.
e-Voting for Overseas Pakistanis

Voter’s identity will be confirmed through online Automated Fingerprint Identification System.

On successful identification, voter will be linked to his/her native constituency in Pakistan.

List of candidates will appear in front of voter. Voter will choose candidate of his/her choice and after confirmation, vote will be casted.
